

INTERNATIONAL GROSSGLOCKNER GRAND PRIX

SEPTEMBER 24TH - 26TH, 2015

„USEFUL ADDITIONAL INFORMATION“ *

Hotels & Accommodation

Selected hotels are waiting for participants and fans of the Grand Prix 2015 in Zell am See, in Bruck, in Kaprun and in Fusch. The main location for the event will be Fusch on the Grossglockner-Strasse. There are camping possibilities in Bruck. You can find information on the hotels in the colour A4 brochure. The tourist information offices in Zell am See/Kaprun and in Bruck/Fusch list more hotels at:

<http://www.grossglockner-zellersee.info/> and
<http://www.zellamsee-kaprun.com/de>

Paddock & trailer parking

The paddock has been set up in Fusch for the pre-start. Here, directly in front of the hotels for participants, the vehicles will be parked and worked on. A security company will patrol in the village. The start to Ferleiten will set off from here. The vehicles are directed in groups from Fusch to Ferleiten (approx. 7 km route). The paddock from which the classification drives are started is located there. Material for technically demanding vehicles can be stored here in Ferleiten.

A trailer park has been set up in Fusch. After unloading the vehicles, you can leave the trailer at this trailer park after check-in (please bring tow-bar lock!).

The village of Fusch itself should remain free of trailers - we ask for your understanding.

Some garages in Fusch are being made available by residents and hotel owners. Please enquire when booking as appropriate with hotels.

Filling station

There is a filling station in Fusch at the edge of the village (coming from Bruck). It is thus possible to fill up conveniently in the immediately vicinity of the paddock.

Helmets & Overalls

We ask all drivers and co-drivers to bring appropriately safe helmets. Helmets must be worn. The full-face helmet should be preferred over the open-face or even the half helmet. Leather headgear is not allowed. All teams are recommended to wear close-fitting clothing. Loose parts, including straps, or belts or scarves, should be absolutely avoided. Racing overalls are a sensible option. Cotton overalls are also permitted.

Licences/Race Card

The Grossglockner Grand Prix is an event under OSK conditions (Oberste Nationale Sportkommission Österreichs). For the benefit of all participants and co-drivers, we have chosen the RACE-CARD version. This means: we insure you in addition on location with the RACE-CARD. The OSK RaceCard is an identification card for hobby sports people in the field of carting, motorcycling, regularity, drifting and slalom with a specially developed motorsport accident insurance, without a medical test.

The RACE-CARD is roughly comparable to the DMSB day licence. It costs €15 per person in the vehicle, which we collect at the event.

The following insurance protection is provided by the OSK RaceCard:

Permanent invalidity proportional	€ 12.000,00
Medical expenses	€ 10.000,00
Recovery costs (incl. helicopter transport)	€ 5.000,00

*) Status 02/2015

„USEFUL ADDITIONAL INFORMATION“ *

Holders of an Austrian motorsport licence from the OSK (e.g. JA RC, PJA RC, JM, TJM) must bring their licence with them and produce it, but then do not have to buy a RACE CARD (co-drivers without have to).

Unfortunately, no licences from other countries or even for other (higher) classes are not valid and not accepted (DMSB A etc.).

Motor homes

No motor homes can be parked in the paddock in Ferleiten unless you are using the motor home as a towing vehicle for cars not road registered or it is used instead of a car to drive to Ferleiten in addition to the classic vehicle. There are overnight possibilities at the location, for example Camping Lampenhäusl in Fusch or Camping Wolferlgut in Bruck (at the beginning of the Glocknerstrasse).

Information for vehicles without road registration - evidence of insurance

For these vehicles, evidence of third-party insurance is an absolute requirement. We ask you to ensure you bring this evidence of insurance with you. Where appropriate, the insurers can issue short-term insurance for you.

NO PARTICIPATION will be possible without evidence of insurance. Please keep in mind.

The entry fee is treated as a fine in such a case.

Overnight parking/parc fermé

From Thursday September 24th at 10.00 am, Fusch is our „parc fermé“. The participating vehicles are parked here in front of the participants' hotels or by the participant tent near the Multihaus in Fusch. There will be patrols in the village and there will be checks at both entrance roads to the village, but there will be no specific surveillance. We officially can not guarantee surveillance.

Maintenance vehicles/support vehicles/towing vehicles

If maintenance vehicles or support vehicles are needed in the paddock in Ferleiten, these can be brought to the toll station and parked there. However, this cannot be in the immediate vicinity of the vehicles but approx. 100 m away.

Meals – do not forget breakfast in the hotel!

The Grand Prix will begin with a small reception on the Thursday evening.

We absolutely recommend the breakfast in your hotel on the Friday and Saturday mornings, as the Gasthof Lukashansl in Ferleiten only has limited capacity for a rustic, ample and extensive breakfast in the paddock Gasthof (this is also NOT included in the booking!).

Throughout the day, the participants will be catered for in the Lukashansl restaurant in Ferleiten (START) and/or in the Fusch Törl restaurant (FINISH) on the mountain. The Friday evening is the „Pinzgau evening“. If the evening events take place outside of Fusch, the event organiser will provide a shuttle service.

The award ceremony for the Grossglockner Grand Prix mountain prize 2015 will take place on the Saturday evening.

Notes: Throughout the day on the mountain, drinking of alcohol is not permitted for safety reasons and is thus not included in any catering packages.

Car accessoires – car replacement parts
